Today we travel to the Marble Capitol of the World, Proctor, VT. We begin at the Vermont Marble Museum the largest marble exhibit in the world, and a great source of pride for generations.

Through this displays, exhibits, galleries, gift shop and grounds, the Vermont Marble Museum tells a unique story of the people and places that made up Vermont's marble industry, linking historical, artistic and cultural traditions, and connecting the past with the present. After our visit through the museum we will make a stop at the new Market on West St. Here we will be treated to an array of fresh sandwiches picnic style. We will meet our step-on-guide after lunch who will bring us around town with stop at the New England Maple Museum. Here you will learn about the history of maple syrup, taste some samples and have an opportunity to purchase some to take home with you! We will end this lovely day with a stop at the popular Vermont Country Store.
