Today's performance of "The Dinner Party" by Neil Simon about five people who are invited to dine at a first-rate restaurant , but they don not know why they have been invited. Tossed together in a private dining room, they have a sneaking suspicion that this unorthodox dinner party will forever change their lives, especially when the sixth guest shows up. This funny one-act play is very enjoyable and has an interesting mystery to it.

Join us for a lovely day in Hudson Valley, NY!
