GO UNDERGROUND HOWE CAVERNS

Saturday August 29, 2020

\$120.00 Adults \$115.00 Child (5-15)

Let us take you on an underground adventure!!

Imagine stepping into an elevator that takes you 156 feet below the Earth's surface. When the elevator stops, the doors open into a prehistoric underground cavern six million years in the making. As you exit into the Vestibule, your imagination takes hold. Travel through the enormous main cavern, immense galleries and under huge boulders which hang precariously overhead. You will experience the mystique of the River Styx, the wonders of Titan's Temple and The Giant Formation on your journey.

Following the cave tour we will make our way to the water sluice. A water sluice is a trough of running water where bags of mining "rough" are emptied and sifted through screen trays. The water washes away the dirt, revealing sparkling gems and minerals. You are panning for earthly mineral treasures (if not gold)! You will discover garnets, rose quartz, fool's gold, emeralds, aquamarines and many beautiful natural stones.

You can use the identification charts to accurately identify exactly what you have unearthed. Try your hand at sifting for fossils or arrowheads.

And remember, all the treasures you find, are yours to take home!
